RACE  RESULT
Precision · Passion · German Engineering

Our Logo consists of the two words **RACE** and **RESULT** written in capital letters. They are connected by a stylized finish line **arch**.

Precision.
Passion.
German Engineering.

The slogan reflects the core competencies of the company. Outstanding products grow where high-quality technology and joy of work come together.

The slogan is **exclusively** used by **RACE RESULT** headquarters.

Motif Logo

The shape is **unique** and outstanding in the sports timing industry.

The finish line arch is an impossible shape.

The two-dimensional figure is interpreted by the visual system as a three-dimensional object.

Looking at the arch from different angles creates different impressions. This reflects values like **flexibility**, **excitement** and **ingenuity**.

The symbol adds meaning to the company name.

RACE and RESULT are both essential elements of a sports competition.

At the same time, they represent the two parts of the company's business model.

The arch links **timing hardware** and **scoring software**.
